WILSON FIRM ON MEXICAN AFFAIRS

Unless Huertistas Yield, Peace Negotiations Are Ended With Mexico's Dictator

IN SUCH EVENT THE ARMS EMBARGO WILL BE RAISED

Bryan Phones Decision to Lamar—War Dept. Ready for Vera Cruz Defense

WASHINGTON, June 19.—Unless the Huertistas at Niagara Falls yield, the American-Mexican peace negotiations are ended. This was stated today on administration authority. It is declared that the American envoys have said their last word unless Huerta agrees to retire in favor of the rebel-dominated provisional government. If Huerta refuses, the embargo on arms and ammunition will be raised.

The cabinet fully discussed the matter today. Secretary of State Bryan continued to be hopeful, saying the Mexicans may yet accept the American plan, but the other secretaries were doubtful. They fear America will be drawn again into a fight through Huerta's expected preference to lose the Mexican capital to the Americans rather than to the rebels. They freely expressed their belief that in this event Huerta will commit some overt act, forcing America to move. The war department today completed preparations to meet the situation in event that Huerta orders an attack on Vera Cruz following the expected announcement of the failure of the peace negotiations.

Bryan Phones Ultimatum
After a conference, Secretary Bryan talked to American Envoy Lamar at Niagara Falls over the telephone. He told him that America will stand on her present attitude. If the peace negotiations fail, President Wilson will issue a statement, "taking the public into his confidence," on all he had hoped to accomplish, and endeavoring to place the blame for the collapse of the negotiations. It is understood he will oppose intervention unless he is forced to a crisis, and will permit civil war in Mexico to continue until the elimination of one faction or the other.

Naon's Absence Halts Progress
NIAGARA FALLS, June 19.—The failure of Argentine Minister Naon to return from the Atlantic coast, where he yesterday received honorary degrees from Harvard and Yale universities, caused a postponement of the conference of the peace mediators and the American and Mexican envoys scheduled for today.

WILSON INSISTS ON ACTION BY CONGRESS

Underwood Demands Adjournment But Wilson Stands for Trust Legislation

WASHINGTON, June 19.—The President and Representative Underwood conferred this afternoon. Underwood conferred with the possibility of a Democratic revolt unless Congress is quickly adjourned. He declared that many Democrats will fail of re-election unless they are permitted to return to their constituencies to inspect political fences.

Replying to Underwood's threat, the President said that political interests also demand a removal of the uncertainty surrounding trust legislation, and that this can only be secured by immediate action on the administration program.

Underwood left the White House without any further assurance that the administration leaders in the Senate will rush action on pending bills for the regulation of the trusts.

Unloaded Guns Once More In Deadly Action

ONTARIO, June 19.—Maria Garcia, aged fourteen, was fatally shot and Dora Castro, aged twelve, was seriously wounded by the result of a charge from a shotgun in the hands of Inez Castro, aged ten, the Castro girl's partially blind brother.

The boy was sitting on the bed playing with a gun which was supposedly unloaded. He was unable to see the girls, who were a few feet away, standing before a mirror. The Garcia girl suffered from a gaping wound in her side, with no chance to survive. The Castro girl's arm is shattered and an amputation is possible.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Saturday; westerly winds.

Former U. S. Senator Frank Hiscock Passes Away
SYRACUSE, N. Y., June 19.—Former United States Senator Frank Hiscock died here yesterday.

6000 United Brethren Members Are in Conference

SEATTLE, June 19.—Six thousand members of the Church of the United Brethren are holding a general conference on the University of Washington Campus this week. They are balloting today to select the conference city for next year.

EXPERT EXPECTS TO INSPECT CRATER

Professor to Climb Mt. Lassen and to Make Report of Observations

REDDING, Cal., June 19.—Bound for the summit of Mount Lassen, Prof. J. B. Diller, a geological expert, left here today to make a thorough inspection of the craters, for a report to the U. S. Geological Survey. Later he will issue a statement to the press containing his observations. He first visited the mountain in 1883 and has since ascended several times.

"The trip is perilous alright," Diller said, blanching at the steam-ventilated cone before starting today, "and I am not so young as when I made my first ascent, but I fully intend to get to the top at all hazards." He intends to camp at Mananita Lake, five miles from the crater and to spend several days investigating. The volcano is quiet today.

ANOTHER BANK CONNECTED WITH LORIMER, CLOSED

SPRINGFIELD, Ill., June 19.—The Farmers Bank of Bathol was ordered closed by State Auditor of Public Accounts Brady, pending an examination of its condition. The bank was apparently in good shape. It was controlled by Vice President Munday of Lorimer's La Salle Street Bank in Chicago, for which a receiver was appointed today.

HALF-BILLION IN BANKS AVAILABLE TO FARMERS

WASHINGTON, June 19.—Comptroller of the Currency Williams estimates that about \$500,000,000 in national banks throughout the United States is available for farm mortgage loans under the provision of the federal reserve act, making it possible for national banking associations to lend money on improved farm lands.

TOOK 10 PASSENGERS UP 6500 FEET IN AEROPLANE

ST. PETERSBURG, June 19.—Sikorsky, the aviator who built the largest aeroplane in the world, yesterday took ten passengers to an altitude of 6500 feet, which is claimed to be a record for such a number of people.

LITTLE ADS. DO IT

H. W. Smith of the Tustin Realty Co. makes the Register's classified ads. do business for him. When he has money to loan he puts a two-bit ad, in the Register. This week he loaned out all he had on hand to loan until he gets some in, due next week, when he will put in another ad. He says the classified ads do the work in fine shape.

JURY'S VERDICT \$25,000 FOR KENNEDY

Man Whose Back Was Broken in Fall Off Derrick Gets Judgment

ONLY QUESTION WAS AMOUNT TO BE GIVEN

Case Clear Cut and Conclusion of Twelve Men Was Unanimous

A judgment for \$25,000 was given by a jury in Judge Thomas' court yesterday afternoon to J. F. Kennedy against the West Coast Oil Co., which has valuable oil wells in the Fullerton field. The twelve men who heard the case were out an hour and a quarter, and their verdict was brought in unanimously.

Kennedy was at work with a crew drilling a well for the company on Jan. 2, 1913. His story was that he was sent by the foreman, F. A. Boulger, to a platform on the derrick to loosen a chain of an elevator to which a heavy piece of machinery was suspended. The chain gave way suddenly, and the machinery shot up through the elevator, and Kennedy was thrown to the ground. His back was broken, and he is still paralyzed from the waist down. He was wheeled into the courtroom to give his testimony.

Kennedy's story was backed by the testimony of Harry Harris, J. D. Haley and George Lyle, who were at work with him. The plaintiff's contention was that Kennedy was acting in the course of his employment. The defense took the view that he acted independently.

The case was hard fought every foot of the way, Attorneys L. A. West, A. E. Koepsel and Walter Eden appearing for the plaintiff and Edmund Tausky of San Francisco and Keech & Davis for the defendant.

WOMEN WILL BESIEGE CONGRESS FOR SUFFRAGE

WASHINGTON, June 19.—Officers of the National Woman's Suffrage Association will besiege Congress June 27 with resolutions urging the enactment of legislation providing for equal suffrage. Vice-President Marshall and Speaker Clark, with Congressional committees, have arranged to receive the suffragists.

ARGENTINE MINISTER HONORED
CAMBRIDGE, Mass., June 19.—Romulo S. Naon, Argentine minister to the United States, and David Franklin Houston, secretary of agriculture, were among those who received degrees of doctor of laws from Harvard University at its commencement exercises yesterday.

PRIVATE VESSEL THROUGH BIG DITCH

Distinguished Passengers Make Journey Through Canal on Seattle-Owned Ship

PANAMA, June 19.—The first privately owned vessel to pass through the Panama Canal is being towed slowly through the big ditch today. It was the Santa Clara, an 11,000-ton steamer owned by W. C. Grace of Seattle. The Santa Clara carried lumber for Canadian construction work. The steamer passed through the locks during the night and was towed in the open today on resuming her voyage. Many distinguished passengers made the trip.

Steamship Lines to Use Canal
WASHINGTON, June 19.—Six steamship lines have already notified the Panama Canal management of their intention to use the canal, according to a statement issued today.

First Canal Tolls
WASHINGTON, June 19.—The first cash return to the United States for the hundreds of millions spent on the Panama Canal were recorded yesterday from collections on barge traffic begun on May 18. They were mostly composed of sugar from Hawaii. The tolls in May amounted to \$7,356.12, on a basis of \$1.20 per net ton.

LEGISLATION ON 'PHONE POLE PREVENTS ALIENS NEAR AT HAND

Rep. Raker Announces His Report on Japanese Exclusion Has Been Agreed To

JAPANESE PREPARING FOR NEW NEGOTIATIONS

President Denies Arbitration of California Alien Land Law is Proposed

WASHINGTON, June 19.—That there is a good prospect of Congressional action within the month on legislation to exclude Hindoos and Japanese was announced today by Representative Raker of California.

Raker said that President Wilson, Secretary Bryan and Commissioner General of Immigration Caminetti had been conferring with Congressional delegations from the Pacific coast regarding Japanese and Hindoo exclusion and that the House Immigration Committee had practically agreed to report on his Japanese exclusion bill with minor amendments.

The indications are that Japan is planning to renew, at an early date, the negotiations concerning the California anti-alien land law.

Arbitration Rumor Denied
President Wilson denies that Japan has expressed a desire that its California alien land law protest be submitted to arbitration. He said that no suggestion of any kind of such character had come to him.

ROTTEN TIMBERS SHOWN IN BIG TRIAL

Damaging Evidence in Empire Day Cases—Many From Over Sea to Prosecute

LOS ANGELES, June 19.—Splintered and rotten timbers which gave way on Empire Day a year ago, sending forty to death and two hundred to serious injury in the Long Beach Auditorium disaster, were introduced as evidence in Judge McCormick's court today at the trial of the hundred thousand dollars damage suit brought against the city of Long Beach by George and Edward Chafor for the death of Mrs. Edith Chafor, wife of the former and mother of the latter.

One of the principal allegations is that the timbers which supported the wharf and auditorium were rotten. The court was crowded by relatives and friends of other victims, scores of whom have suits pending against Long Beach. Several came from England to prosecute damage suits.

SMOKY CITY BANK LOOTED OF \$85,000

PITTSBURGH, June 19.—Eighty-five thousand dollars which was deposited by the Freehold Bank in the vaults of the Colonial Trust Company was stolen ten days ago, according to an admission made today by President J. C. Shaplin. The latter concern is the one which controls the Freehold Bank. The theft was discovered a week ago. All efforts to solve the mystery have failed.

A basket of chews for a dime at Taylor's, Saturday. We furnish the basket.

HIGH SCHOOL GRADUATE IS KILLED ON R. R. TRACK

POMONA, Cal., June 19.—Charles Allen, who graduated a few days ago from the Bonita Union High School at San Dimas, was struck and killed by a Santa Fe train today.

It is believed that his motorcycle engine died on the track as he attempted to cross in front of the approaching train.

'PHONE POLE PREVENTS A SERIOUS ACCIDENT

Motor Truck Bearing Pomona Collegians Strikes Rut and Tips; One Girl Is Hurt

A telephone pole on West Chapman street was this morning the means of preventing a serious accident when a motor truck, bearing a crowd of young people from Pomona College, ran off the paved highway and partially tipped over. One of the girls, Miss Lucy Clency, sustained a painful injury of the right leg.

The students were on their way to the Pomona College Marine Laboratory at Laguna Beach. The truck had just left the eastern end of the Chapman street bridge and while passing an automobile coming from the opposite direction the truck driver turned too sharply to the right, causing the right wheels of the truck to run off the pavement and into a rut next the paving. The rut was filled with dust and the driver was unable to tell where the pavement left off and where the dirt strip began. The right side of the truck went down and the left side up. A telephone pole prevented the truck going over completely. All the occupants were considerably shaken up but with the exception of Miss Clency none were injured.

Miss Clency was taken to the office of Dr. Wehrly in Santa Ana. An X-ray examination revealed that Miss Clency's limb was severely sprained just above the ankle, and had no main bone broken. Dr. Wehrly said that it would be a day or so before it could be determined whether one of the smaller bones had been fractured.

The injured girl was later taken to the home of Mr. and Mrs. A. M. Davis, 1111 Hickey street. Davis was formerly Miss Clency's teacher at Pomona College. Miss Clency will be able to continue to Laguna some time next week.

A number of Mexicans working near the scene of the accident, which occurred at about 7:30, rushed up and helped to right the truck. The party then continued on its journey, stopping for a few minutes in Santa Ana. The young people, who will spend the summer at Laguna doing research work at the laboratory, left Claremont this morning at 4:30. Those in the party are Mrs. Clency, Lois Clency, Lucy Clency, Marky Moles, Happy Hoover, Polly La Follette, Prexie Hamilton, Hugh Jones, Edith Gillette, Paul Lichti, Leon Gardner, Jack Rich and Mr. Miller.

Nothing Intrinsically Wrong or Fundamentally Unsound With Business

When the President of the United States openly charges "that the so-called business depression is manufactured in the hope of compelling delay or defeat of anti-trust legislation," it is time for all honest men to sit up and take notice. The President did more than make the charge, he produced documentary evidence to sustain it.

Depression exists only to the extent of the loss of confidence on the part of the people. Everything is intrinsically sound, and conditions are ripe for and give promise of remarkable prosperity. There is nothing fundamentally wrong with business or industry or finance. Money is not tight—there is plenty of it. It is credit that is tight. Where there is little faith, there is little prosperity. Prosperity and pessimism can't live together in the same community. They are too incompatible. Let an individual think that he is sick and keep brooding over his physical condition and fearing a breakdown in health, and, nine times out of ten, this state of mind will reduce a robust person into invalidism.

The thing which the people of the country, without regard to party or to class, are more interested in than anything else at present is the disappearance of the vague and unfounded uneasiness concerning the business situation which has somehow contrived to get itself into the general thought-circulation.

This microbe of depression is largely manufactured for distinct effect on the public mind, either by politicians who wish to make capital out of it for party purposes or by business interests which resent any interference with their tremendous profits, and it has had an influence wholly out of proportion to its real character. It is artificial in most respects, and grossly exaggerated in others, and the reassuring tone of leaders in industry and commerce throughout the country has served to dissipate very largely any gloom that existed before the recent visit of the business protestants to Washington.

The so-called wave of depression has reached high-water mark and is now evidently receding, and all that remains is the slight nervousness and unrest that follow brain-storms of this sort. Every day takes us closer to the complete restoration of confidence and to a general revival of energy and enterprise.

The wonderful crop yield that is indicated comes as a strange and encouraging coincidence just at this time. It is almost as if the heart of nature and the mind of man had been working in harmony to effect a joint purpose.

Precisely at the time when nature is preparing to lay at our feet one of the finest and most splendid offerings she has ever made us, we meet her in the fields with our new currency delivery wagons ready to distribute her bounty to every part of the country.

When untrammelled nature and an untrammelled financial system thus get into partnership and start working together, it may be hard to see the clouds for the rainbows, and difficult to hear the feeble voice of the croakers for the general chorus of optimism.

WOODMEN INSURGENTS LOSE OUT IN FIGHT

TOLEDO, June 19.—Administration forces won in the national convention of the Modern Woodmen of America, when a vote was taken yesterday afternoon in a stormy session. Wrangle upon the adoption of the report of the committee on credentials ended in a vote of acceptance, 233 to 125. The report of the credentials committee bars from the convention the contested insurgent delegations.

VILLA SEEMS SUPREME IN MEXICO

Wins All Points in Contention With Carranza—Supreme Military Head

WILL LEAD TROOPS INTO THE MEXICAN CAPITAL

Now Near Zecatecas—Battle With Federals Believed to Be Set for Sunday

EL PASO, June 19.—General Villa's officials are still in charge of the telegraph and other offices south of Juarez, so far as can be learned here today. Reports that General Carranza is heading toward the border are still unconfirmed and are believed false.

It is understood here that Villa has carried all his points and is now in supreme command of the military forces and that he has agreed not to interfere with the civil government except so far as it may concern schools, which he demands must be kept open.

Another report is that General Carranza has agreed that General Villa shall lead his troops into Mexico City.

VILLA'S TROOPS NEARING ZACATECAS—BATTLE NEAR

TORREON, Mexico, June 19.—The advance guard of General Villa's army is ten miles from Zacatecas today. It is said that Villa will not order an attack, however, until he confers with General Natera, who led the rebels in a recent futile attack, and till he looks over the ground personally. It is generally expected here that the battle will begin on Sunday. All the ammunition landed at Tampico by the German ship Antilla has reached the Villa forces and the supply is sufficient to last them to Mexico City. General Villa is expected to push on to the capital with the fall of Zacatecas. It is apparent today that Villa won every point of his controversy with General Carranza. He has supreme military command, while General Carranza remains the civil authority.

200 MEN SLAIN IN COAL MINE DISASTER

600 Interred in Explosion in Alberta—400 Escape But Rest Are Doomed

LIEGE, Belgium, June 19.—With 400 men in the workings, fire broke out today in the Vieille-Marthe coal mine near here. About half of the miners are believed to have escaped. No word has been received from the others, and it is feared they perished. The mine is aflame. Rescuers are braving the fire and danger from further explosions in an effort to open the mine. Thousands are gathered about the shaft.

400 IN MINE WHEN FIRE BREAKS OUT

LETHBRIDGE, Alberta, June 19.—At least two hundred men are believed to have perished in a terrific explosion in the Hill Crest coal mine near Blairmore, Alberta, between Calgary and Ft. McLeod. Six hundred entered the workings this morning. Four hundred are known to have escaped after the explosion. Thick clouds of black smoke are issuing from the shaft this afternoon. It is almost certain that those remaining in the mine are doomed. Officials of the Canadian Pacific Railroad at Calgary have received advices that at least two hundred were killed. A special train was rushed to Blairmore from Calgary with doctors, nurses, medicines, coffins and undertakers.

Building Activities All Over Orange County

ROADS BUILT AND UNDER WAY

Automobile Club of Southern California Prepares Report on Highways

ORANGE COUNTY BEACH DRIVES ARE SPLENDID

Road From County Line Below Whittier Through Orange Nearly Finished

New roads projected for Southern California are of interest to motorists at all times, and the Automobile Club of Southern California has prepared a report on just what new highways are planned or are under course of construction.

According to officials of the club, there has never been greater activity in road building than at the present time. It is the outgrowth of the activity of the automobile club which started some years ago and has swept the state since.

A map on file at the auto club headquarters shows that San Diego county has practically completed its sys-

tem of good roads, and that those which have been built are excellent. In that progressive county good roads lead to nearly all places of importance and many long pleasure tours have been provided for motorists.

At the present time San Diego is building a new road connecting the city with Tia Juana, on the Mexican border, and this will provide a trip of importance to 415 visitors.

Riverside County in Line
Riverside county is in the van of good road builders at the present time. With a workable bond issue, new highways are under course of construction for the motorist and agriculturists at all points. So many good new roads are projected by Riverside county that to give a complete resume at this time would call for an exclusive column.

Orange County Beach Roads
Two other new projects in Orange county which are of interest to all motorists are the routes leading from Santa Ana to Laguna and Huntington Beach. Orange county is rapidly giving motorists some splendid beach drives, which will appeal to all during the summer season. Among these is the connection to the county line of the road from Santa Ana to Long Beach. The Whittier road from the county line below Whittier through Orange is rapidly nearing completion.

Besides these main arteries there are feeders from Olinda through Placentia and from Northam through Buena Park to the county road. In Los Angeles county there is a new road projected from Torrance to the beach at Redondo. It is also practically assured that the road from Clifton to San Pedro along the beach through the Palo Verde ranch will be widened and graded for motor car traffic. This will form an important connecting link for the all-coast road to San Diego.

Rushing Coast Roads
Another important link on this road is the one along the coast from Playa del Rey to Manhattan Beach. Frank M. Jordan of the auto club has been assured that work on this all-coast road will be rushed to completion for the latter part of 1915.

From Los Angeles to the sea there is another road of importance leading almost direct along the route of Pico street, as well as the national boulevard from Palms. A second Calhoun pass through the Santa Monica mountains is that projected by way of Benedict canyon connecting Van Nuys and Beverly Hills, which will give the valley motorists a short cut to Santa Monica.

Salton Sea improvements are projected which will be of vital importance to all transcontinental motorists coming through the Imperial Valley. Melons and other garden produce are being sent to San Diego now on the improved road by way of the famous Mountain Springs grade.

In Santa Barbara county, as in San Diego, no important new roads are projected, since that county has completed extensive highways which are the joy of all motorists touring through that part of the state. The state is now completing the Rincon link on the coast road.

LIGHT POSTS ARE DESIRED

Orange City Trustees May Be Petitioned to Take Action In Matter

Orange News: A movement for ornamental lighting posts throughout the business section of the city is again under way, and this time it appears that it is to take the form of a petition from the property holders to the city board to have the electric wires placed underground and require that the property owners erect ornamental poles.

The project has been discussed on former occasions, but never materialized. At the present time, however, the property owners seem to be enthusiastic for ornamental poles and inclined to urge action on the city board.

When up for consideration before, the plan was for the property owners to erect the poles, iron or concrete, of uniform design, and the city would pay for the lighting as it now does for street lighting. It was suggested at the time that all new extensions in the residence district be made under the same plan and that extensions of the lighting system would be made wherever the property owners would erect the ornamental poles.

NEW QUARTERS FOR IMPLEMENT COMPANY

Tenants for West End Building Announced—To Be Ready August 1

The new West End Improvement company's building, now in course of construction at 318-320 West Fourth street will be occupied, when finished, by McDermott, Mount and company, dealers in farm implements and vehicles, according to information given out yesterday by one of the directors of the West End company.

McDermott, Mount and Company have been in their present location, 214-216 West Fourth street, since Jan. 1, having purchased the implement business of J. R. Fowler and Company.

Upon moving into their new location about August 1, when it is expected the new building will be ready, McDermott, Mount and Company will add to their stock, so that their customers may have a more diversified line to choose from.

Work on the new building is progressing rapidly. It is certain that it will be ready for occupancy by August 1 and it may possibly be ready several days in advance of this time.

RIGHT OF WAY FOR SEAL BEACH-NEWPORT BOULEVARD OBTAINED

Newport News: In a telephone conversation with W. W. Wilson Wednesday evening, J. A. Armitage, secretary of the South Coast Improvement Association, said that the entire right of way for the coast boulevard had been obtained between Seal Beach and Newport Beach.

The Board of Trustees of Newport Beach are giving the matter of the right of way for the road within the city limits much thought and have tentatively agreed upon a plan, but will not decide definitely until next Monday.

NIGHT AND DAY SOLAR HEATER IS POPULAR

Since taking the agency for the Night and Day Solar Heater, E. B. Norman has met with unusual success in placing these in both new and old houses. At present there are about six or seven being installed, among which are the following: Geo. Lewis home on Yorba street, John Sauers, same street; M. C. Cole on South Main street. Among the homes which already have had these heaters installed are the following: N. T. Edwards, Orange; Jasper Leck, Chas. Artz and Mr. Leheigh of Tustin.

PASADENA MAN HAS BOUGHT AT ORANGE

Orange News: The largest deal in real estate to be reported for some time is the sale of the Charles M. St. Arnold ranch on Fairhaven avenue near Tustin street. In the deal closed today by Moore & Dozier, a local realty firm, the St. Arnold ranch becomes the property of J. L. Becknell of Pasadena. The consideration in the deal is \$20,000 for 8 1/2 acres. Mr. St. Arnold accepting Pasadena property in exchange to the value of \$15,000.

The new owner takes possession of the ranch July 1, and it is understood that the St. Arnolds will move to Pasadena. The local ranch is finely improved with a modern home and equipment.

CATHOLIC CHURCH WILL SOON BUILD PAROCHIAL SCHOOL

Plans are now being drawn up for a new Parochial School to be built on the lot adjoining the parish house on F street. Funds have already been raised by the members of the Catholic Church sufficient to buy the lot and erect a school which will cost in the neighborhood of \$4000. The lot, valued at \$3000, has already been purchased. The school will be built as soon as possible, but no definite action will be taken until Father H. Emmelen returns from a month's trip to Alaska.

The work of raising this money and of establishing this school has been planned for some time in the past and the realization that it is now to become a reality is very pleasing to those who have been working to that end.

HAVE STARTED WORK ON NEWPORT TRACK

Newport News: The Pacific Electric has started work at Thirtieth street, putting in new ties and rails in order to get the track in shape for a speed of thirty miles per hour as required by the State Railroad Commission.

Cures Stubborn, Itchy Skin Troubles

Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment; the Red, Rough, Scaly, Itching Skin is soothed by the healing and cooling medicines. Mrs. C. A. Einfeldt, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c, at your druggist.—Advertisement.

MANY COME HERE ON TROLLEY TRIPS

The Triangle Trolley Trips continue to bring great numbers of visitors to Santa Ana every day. Yesterday there were three cars sent around the Triangle circuit from Los Angeles. Each car was crowded with people, all of whom were tremendously curious about Santa Ana and Orange county and very eager to be told of the advantages of living here. Nearly every member of one of these excursions who visits the Chamber of Commerce exhibit, with its truly wonderful display of products, takes away literature extolling the merits of the city and county. And every person who takes this literature becomes, in turn, a booster. The benefits derived from this kind of advertising are of inestimable value.

ARE IMPROVING NEWLY PURCHASED BUSINESS BLOCK

Newport News: Chas. V. Grau and Max W. Reichenbach this week closed a deal for the purchase of the brick building occupied by their wholesale and retail liquor establishment from William MacHenry of Imperial, who recently bought the property of J. W. Walls.

The new owners of the building have already started making improvements on the building and expect to spend several hundred dollars in this manner.

The Hidden Stitches!

If you could only count them.

What a revelation it would be as to where

Stein-Bloch Smart Clothes

get their style—and why they hold it so long.

In most cases, the wearer cannot tell what is hand work and what is machine work.

Nor does he know where the stitches are missing in the average suit.

But he does know something is wrong when the coat begins to lose its shape.

It is the thousands of stitches you cannot see in Stein-Bloch clothes that make them fit well, wear and look well.

That is one reason your suit should be a Stein-Bloch,—here exclusively.

ASKING \$30,000 FOR FALL IN WELL

A. U. W. Co. is Sued by Man Who Worked for it at Pumping Plant

ROTTEN LADDER IS GIVEN THE BLAME

Anaheim Man Sues Contractor on Contract Involving Deed

Yesterday two big damage actions reached verdicts in the superior court. In one \$10,000 was given to the heirs of J. M. Cain against the P. E. and in the other \$25,000 to J. F. Kennedy against the West Coast Oil Co. Today a new damage action was begun. Clarence M. Rochester asks \$30,000 judgment against the Anaheim Union Water Co. as the result of injuries received by him when he fell down a well belonging to the company.

Rochester's complaint, filed by Attorney W. P. Kelly of Los Angeles, alleges that Rochester was employed by the defendant at a pumping station in the Santa Ana canyon twelve miles east of Placentia, and that among his duties was to keep tight the casing of a centrifugal pump located at the bottom of a pit sixty feet deep. It states that a ladder into the pit was old and rotten, and that while descending in the course of his employment two rounds of the ladder gave way and Rochester fell to the bottom. The complaint states that the muscles of his back were torn, his spine injured, three ribs broken, an ankle broken and that he was injured internally. For damages \$30,000 is asked.

Suit on Contract
W. A. Moore has brought suit against J. S. Hilend of Anaheim. Moore declares that he built three cottages for Hilend on contract, with the agreement that Hilend should deed part of a lot to him. He says Hilend has not made the deed. For that he asks \$1100 damages. For other work done by Moore for Hilend on the Masonic Temple at Anaheim, \$536.45 is asked. Leonard Evans is attorney for the plaintiff.

Suit Over Deed
Today Judge Thomas is hearing evidence in the case of F. W. Winslow, guardian of Sarah Lucas, against Henry Lucas. The plaintiff asserts that the defendant secured the deed to a house and lot worth \$2,000 from Mrs. Lucas while her mind was unsound. The principal witness for the plaintiff is Mrs. Lizzie J. Plaster, daughter of Mrs. Lucas, who asserted that it had always been the desire of Mrs. Lucas to divide her property, share and share alike, among her children. Lucas' defense is that the property was deeded to him in compensation for having provided his mother with a home for nineteen years. H. C. Head is attorney for the plaintiff and W. F. Heathman for the defendant.

Expects to Sell
The Church of the Messiah has petitioned the superior court for permission to sell a vacant lot on Chestnut avenue. Clyde Bishop represents the petitioner.

To Quiet Title
Nellie P. Rimpau has brought an action against Adolph Rimpau as administrator of the estate of Henry A. Smythe to quiet title to a lot at Anaheim. F. C. Spencer is attorney for the plaintiff.

Marriage Licenses
Cornelius Nachtrieb, 19, of Brea, and Norma Bush, 19, of Olive; Harry D. Thurber, 21, of Los Angeles, and Lottie P. Ellis, 23, of Fullerton; Charles H. Putnam, 21, and Merle I. Dalton, 20, both of Olive.

IN THE JUSTICE COURT

Charge Embezzlement
Fullerton Tribune: Geo. B. Thompson was brought over from Santa Ana this morning by Deputy Sheriff Lou Vestal for his preliminary examination before Justice H. E. Inskeep on the charge of embezzlement. He is accused of using for his personal benefit funds which belonged to the tea and coffee company by which he was employed. Thompson was under the influence of liquor, he admits, for several days preceding his departure from Fullerton, and is unable to account for all the cash he had collected from patrons. "He claims, however, that the amount of his shortage was largely over-estimated in the complaint, and this appears to be the case from the testimony before Justice Inskeep, the present manager having audited the accounts and found, according to his testimony, that the total sum due is about \$180, instead of \$300 as first charged. A. E. Koepsel, deputy district attorney, conducted the examination on behalf of the state, and Thompson acted as his own lawyer, bringing out several points in his favor by the cross-examination of the state's witness. He offered no evidence in his own defense, and was held to answer in the superior court under bond of \$1000.

A Correction
Geo. Post, who has just purchased a new Overland touring car, wishes the mistake corrected which appeared in yesterday's Pink Register stating that he purchased another make. The mistake was made in the Register office and through no fault of the Geo agent.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Advertisement.

WESTMINSTER NEWS BUDGET

WESTMINSTER, June 19.—The officers and teachers of the Methodist Sunday school were entertained at the home of the superintendent, Orville J. Day, on Friday evening. Those present were: Rev. L. W. Moore; Mesdames Moore, Smithling, Walton, Penhall, Upton, Warner and Frost; Messrs. Willis, Warner and H. Frost. The evening was spent in conversation and games.

Ernest Burley had the misfortune to break a clutch on his motorcycle, three miles from town, while on his way from Long Beach Friday evening.

Mrs. Cavanah, who has been sick and under the care of Dr. Cole for a couple of weeks, is able to be about again.

A number of the young people attended the senior class play at Huntington Beach on Friday evening.

Mr. and Mrs. E. Burley had as their guests this week Mrs. Hayes of Long Beach, mother of Mrs. Burley.

Mrs. J. Hoover and two children of El Centro, are spending the summer at the Dr. Chambers ranch.

Mr. and Mrs. Orel Hare and Dee Campbell motored to San Diego on Saturday, returning Sunday.

Ira Haas and wife, of Riverside, were guests at the Chas. Parr home last week.

Wilbur and Walter Tunison of Los Angeles, spent Sunday at the Harry Penhall home.

H. Rutter and son Henry were Los Angeles visitors on Monday.

Mrs. J. A. Murdy spent Monday in Santa Ana on business.

Mrs. L. McClintock and Miss Margaret Wallace of Santa Ana spent Sunday at the home of R. E. Larter.

Mr. and Mrs. S. V. Hughey and Lois Smithling spent Tuesday in Los Angeles.

Geo. Abbott went to Santa Ana on Monday on business.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Advertisement.

GARDEN GROVE NEWS BUDGET

GARDEN GROVE, June 19.—The Queen Esther Circle will meet at the home of Mrs. Will Schnitzer on Saturday afternoon, June 20.

The Latter Day Saints Sunday school is preparing a children's day program to be held on June 28, at the church, a mile and a half east of town.

The W.C.T.U. met at the home of Mrs. Steel yesterday, the day being flower mission day. After the regular meeting a short program was given. A duet by Miss Gladys Reeks and Grace Steel was well played. Light refreshments were served. The flowers were sent to the sick people in Garden Grove.

A number of Garden Grove people have gone to South Pasadena to attend the Free Methodist camp meeting, which is being held this week.

Mrs. Phiney has returned to her home from Redlands, where she has been visiting.

Mr. and Mrs. Will Stuck and Mrs. Stuck's brother and sister have gone to San Diego for a few days.

Mr. and Mrs. Cloyes spent Saturday and Sunday at Long Beach.

Will Mills and family have returned here after a two-year stay in Bishop.

Mr. Lewis and Chas. Swall have gone to Bishop and from there they expect to go into the mountains for a ten-day fishing trip. Mr. Swall's brother at Bishop will go with them.

Mrs. Henry Otta has returned from San Diego, where she went to see her sister, who was quite ill. She brought her sister here to remain a while.

Mrs. Sarah Mills, who has been away for some time, has returned to her home here much improved in health.

The Garden Grove baseball team will play the P. E. ball team of Los Angeles at Huntington Beach on Saturday, June 20.

Mrs. H. Smith of Los Angeles is visiting at the home of her son, O. F. Smith of this place.

40-YEAR FRANCHISE GRANTED TELEPHONE

Newport News: The Pacific Telephone & Telegraph Company was recently granted a franchise to own and operate a telephone and telegraph business in this city for the next forty years. The business of the company is growing rapidly here, so fast in fact that its employees are behind in their work of installing new telephones here. When the central office was moved into the Sharps block another unit was added to the switch board.

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$45.00, including Mariposa Big Trees, \$60.00 C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

THE NEW ARMY LAW

One of the greatest of reforms is the act which brings about the coordination of the regular soldiers and volunteers in time of war. State militia cannot be used in a foreign country. It has officers, organization and enlistment of its own.

In the Mexican war General Scott lost whole regiments simply because their terms had expired and they disappeared from the service. Under the new law militia regiments enlist in a body and they will be in for three years, "for the war." They will maintain their separate existence and will be recruited to make up losses, and so will live as regiments with their honors and their record.

In the Federal service they will be under the control of the President, who may displace old officers for inefficiency and appoint new. Provision is made for the transfer of regular army officers to the militia, and so the old scandal of "political generals" will be minimized.

Volunteers cannot be called for until the State militia has gone to the front. Volunteers for the State militia may be called for in any regiment that has been depleted by passage into the Federal service.

Many good things are expected from the law, such as obviating the payment of bounties, ending away with the short-term service and the creation of a superior esprit de corps. State militia officers become United States officers, with all of the attaching prestige and advantages.

There may be other volunteer regiments, such as we had during the Spanish war, outside the State militia, and which would be United States soldiers with no State connection.

At this time the regular service consists of 65,000 men besides 13,000 in the coast artillery. The paper strength of the State militia, or National Guard, is about 112,000. If both regulars and militia were brought up to full war strength they would aggregate about 350,000.

♦♦♦♦♦

If any Congressman is defeated because of the vote for a constitutional prohibition resolution—we do not believe that a single one of them would be—they will retire with a full knowledge and satisfaction of duty well-done, and that is the record they want to leave to posterity.—The Richmond Virginian.

ALCOHOL VERSUS DRUGS

Dr. Horatio M. Pollack, of Albany, New York, has the following letter in a recent issue of the Baltimore American:

"There are fourteen state hospitals for the insane in New York, containing 33,000 insane inmates. A well known hereditary and transmissible disease is the principal cause of insanity. Alcoholism stands second among the causes of insanity. Of the total number of insane persons in New York state, 15 per cent of men and 5 per cent of women have become so through the excessive use of alcohol.

"During the year ending September 30, 1913, 6061 insane patients were admitted to New York insane hospitals. Out of the 6061 persons so admitted, only thirty had become insane through the use of drugs. Those who do generally use morphine, cocaine and kindred drugs, but the continued use of drugs does not do as much harm as alcohol."

The people of America are awakening to their inalienable right to protect themselves from pests, scourges and cut-throats, and in their wisdom they are wiping out the liquor traffic's usurpation.—The Kennebec Journal.

KEESLING GETS IN BAD

Francis V. Keesling starts in on his campaign for governor by writing for the consideration of voters in the official pamphlet of information to be issued by the secretary of state the argument against the blue sky law which comes before the people on referendum. This act stamps him as a representative of the "interests" which are opposed to this highly important piece of legislation which, had it been in effect, would have prevented the disastrous career of the Los Angeles Investment company and protected the thousands of innocent investors who put money into that proposition.

If Governor Johnson has any sense of humor at all, a bird's-eye view of the present political situation in this State must be causing large-sized grins to spread over his countenance.—Merced Sun (Democratic).

There are Democrats—lots of them—in Stockton who are going to do just as the Fresnoite proposes. This is a year when party politics is going to cut mighty little figure and the man who makes an appeal for votes just because he is running on the Republican ticket or the Democratic ticket, and hasn't any better ground on which to ask votes, is likely to have his nervous system jarred rather severely. The Fresno Democrat, says he is for Johnson "for the record he has made and the promises he has fulfilled." Not much use to talk Democratic politics to such a chap.—Stockton Record.

A Democrat of long standing who has been doing some Sherlock Holmes work among his friends, declares that sixty per cent of the local Democrats will cast their vote in November for Hiram Johnson and his Progressive administration. —Solano Republican, Suisun, Cal.

—Three great days—June 20, June 27, July 3—special parties to Yosemite and Mariposa Big Trees. C. A. Wilcomb, agent, 606 So. Spring St., Los Angeles. MS850-F7514.

—Dr. James W. Shaul, Eye, Ear, Nose and Throat, Suite 417-19 Hollingsworth Bldg., Los Angeles. Will be in Santa Ana afternoons.

A basket of chews for a dime at Taylor's, Saturday. We furnish the basket.

Would Organize Against Bicycle Thieves

Santa Ana, Cal., June 17, 1914.
Editor Register:—With your permission I desire to suggest a plan to prevent some of the business being done by the bicycle thieves. This practice is becoming so common that it seems to me the thieves must be organized; and regardless of whether they are or not, one who can only get a bicycle by paying for it must organize in order to have any assurance that one can have systematic protection. Of course, one must expect to find difficulties in the way if we form a protective association, but we need not expect to get something for nothing.

The situation we now face is a choice between letting the practice of bicycle stealing continue, or organize for systematic protection.

We can do this in a manner similar to that in which the anti-theft thief association used to operate. That organization used to operate successfully in several of the eastern and central states, and not only reduced horse stealing to a minimum, but saved many a fellow a stolen lap robe or set of harness, and other such fixtures.

I have a plan to submit for the consideration of others who, like myself, do not feel like buying bicycles for these thieves.

Suppose we bicycle-owners meet and form the anti-bicycle thief association, elect our officers, write our by-laws, agree on what our initiation fees and dues shall be, rent a building some place near the center of the city, hire a man to be at his post every evening from, for instance, 6 p. m. till midnight or 2 a. m., and establish a regular checking station.

Let us figure from the basis of 100 members to begin with and at a membership fee of 50 cents; then 25 cents a month dues, from each member. If the membership increased, we could improve our checking station, and charge non-members, or those members who became delinquent, in their dues, 5 cents per evening for checking their bicycles; and we would, no doubt get considerable support from transient trade in this way.

Nearly everyone who had ever had his bicycle stolen would patronize us either as a member or a customer, and the parasites who would still continue the stealing could be depended on to make it of interest to non-members to patronize us as non-members or to become members.

There is reason to believe there would be a healthy growth of membership, once we should become well organized, as every time a bicycle owner joined us there would be one less bicycle left at the risk of being stolen, and the same amount of stealing would continue to fall more heavily on a correspondingly smaller number of non-members, who would more readily see an object in joining us.

I have no doubt there is an organized gang doing some of the stealing. Why should we not organize? Fruit-growers, auto owners, jewelers, craftsmen of various kind organize. They do not sit around and howl that it is too expensive, or that they can't make it a success; they realize there are benefits to be derived, and are also aware of the fact that they will not get something for nothing; hence they co-operate and work with some system. No one would expect telephone service without paying for it, neither gas, water or electricity.

We pay for police protection, but in this country, bicycles are so numerous and thefts so frequent that the best officer on earth can not hope to catch one bicycle thief out of twenty.

If we are in Los Angeles and have a package worth one-fourth the value of a bicycle we cheerfully pay 10 cents to check it at the Pacific Electric depot.

Let us get together and organize. In a short time this town should have a protective association of four or five hundred members, and the loss in bicycles could thus be reduced to a minimum.

If anyone has a better plan I shall be glad to hear from him through the Register. Let us start the ball rolling.

"AGGIE" BOYS FEAST

Fruits of Garden Labors Occupy Place of Honor at Well-Furnished Table

Last night the agricultural class of the Poly High School partook of a bounteous three-course "feast," served in the spacious cafeteria of the High School. Several months ago the boys planted their gardens and last night for the first time enjoyed the fruits of their labor of which the dinner was mostly comprised.

Two charming young ladies, Miss Helen Remsburg and Miss Isabel Anderson, acted as waitresses and were kept busy attending to the many wants of the hungry boys.

Toasts were given by Ed McDonald, Mr. Montgomery, Donald Stevenson, Principal McMath, Superintendent Cranston and W. A. Zimmerman, with Frank Blake as toastmaster.

The honored guests of the class were the class teacher, Mr. Montgomery; Mr. Lawson of Occidental College, Mr. Cranston, Mr. McMath and W. A. Zimmerman. Those present of the class were Francis Westgate, Frank Blake, Leo Keeney, "SI" Eaton, Donald Stevenson, Ed McDonald, Marvin Greathouse, Clarence Haffner and Harold Holzgrate. The appointing menu was as follows:

Fruit Cocktail
Fried Chicken
Mashed Potatoes
Gravy

Green String Beans
Creamed Peas
Hot Rolls
Olives
Picked Beets
Pie with Whipped Cream
Salted Almonds
Coffee

Chapter Meeting
Emma Sanson Chapter held a regular meeting yesterday afternoon with Mrs. T. M. Purdom, 1516 North Broadway. Most of the afternoon was devoted to the business of the chapter.

During the social hour Miss Louise Montgomery gave several vocal solos, and instrumental solos were rendered by Miss Caroline Haughton. These musical numbers were greatly enjoyed.

The hostess served delicious cake and punch at the close of the afternoon. The next meeting will be held in July, the place of meeting to be decided on and announced later.

Heard Good Reports
A business meeting of the W.R.C. was held in G.A.R. Hall yesterday. Financial reports were received all the way through. One of these showed that a goodly sum was realized from the last crops tea. Mrs. Harlin, "an old member," was present, and Mrs. Eva Culver and Mrs. Rubie Schlesinger were new members joining the corps. Thirty-eight sick calls were made last month. Mrs. Carrie Ely reported on the presentation of flags to the United Brethren Sunday school and the Spanish Mission. Both flags were very graciously received, and the children from the schools gave fine programs. Little Miss Deck, a new arrival, was chosen "mascot" for the W.R.C.

Memorial services were held for Mrs. Margaret Taylor, Mary Cook, Ada Scott and Elizabeth Smith. Rev. Inwood will give a patriotic address on July 2 at G.A.R. Hall, at the next regular corps meeting. All members are urged to be present.

A basket of chews for a dime at Taylor's, Saturday. We furnish the basket.

Orange County Conservatory of Music

You will surely avail yourself of our ten per cent discount given next week if you intend to study music this summer.

Our total enrollment to date is five hundred and forty (540) students. You know some of these, and we safely trust them to tell you of our work, if in doubt.

We are going to have our busiest summer this year. That is certain! Enroll next week early, and come tomorrow to our recital.

JUVENILE PARTY

Miss Gladys Swarthout Had Happy Time With Small Friends on 9th Birthday

Miss Gladys Swarthout celebrated her ninth birthday yesterday with a pretty birthday party at the parental home on Lyons street. The rooms were decorated with pink and white sweet peas. The children played games on the lawn till they were summoned to the dining room where each small guest made a wish for Miss Gladys as Miss Gladys blew out the candles on the birthday cake. Cakes, candies, nuts and Dragon ice cream were served.

After the feast a lively peanut hunt took place in the yard. Nellie Ware winning first prize, and Paul Brown taking the consolation prize. Those besides the honoree, Gladys Swarthout, who enjoyed the afternoon were Marian Barnes, Nellie Ware, Ellen Young, Pauline Carnahan, Paul Brown, Clayton Smith, Merle House, Clifford Cole, Ralph Patterson, Mrs. Ed. McGowan and Miss Mildred Swarthout assisted in entertaining the children and in serving the birthday repast.

Shower of Flowers
A beautiful flower shower was given Mr. George Coskey at his home at 814 Barton street yesterday, by the teachers and pupils of Lincoln school, where Mr. Caskey is the janitor. Mr. Caskey has been very ill for several weeks and is just now convalescing.

This beautiful act of the teachers and pupils was greatly appreciated and Mr. Caskey desires to thank one and all for the kind thought.

A Foregone Conclusion
That the youngsters from whom the following was received will have a "good time" is a foregone conclusion. The note announcing their departure today is printed intact:

"We leave on our annual camping trip for Hemet Lake.

"Those going are Forrest Roberts, Whit Johnson, Bud Johnson, Theo. Young, Howard Ryan, Jack Johnson, Johnny Knight and Count Warren.

"This year we wear khaki pants and shirt with white cap.

"We have got rifles, fishing tackle, ammunition and everything that pertains to a good time."

Dragon Wedding Window
June, the month of roses and of wedding bells, still ungers, and in its wake will be more fair brides and stalwart bridegrooms. And to them the latest achievement in Dragon window artistry is making a heart-thrilling appeal.

That wonderful wedding-cake window! It brings before one's visions of the wedding feast, and the bride in filmy wedding veil, and dainty wedding dress as she daintily cuts the wedding cake. A wedding cake just such as one of those that are shown in all their bravery in that lovely window where twining ferns set off the whiteness of the crisp frosting and the gleam of silvery decorations.

"Which of the trio of wedding cakes shall we order?" is the mental query of each blushing bride-to-be as she gazes on those wedding creations flanked by French pastry, merrily delicious ladyfingers and macaroons, while showing conspicuously in the pastry display are vases and plates—Exquisitely in the famous UPNU in the famous Packard china, exquisitely hand-painted and "just right" for wedding gifts. The china bride in the Dragon wedding-cake window comes from Kryhl's and is admirably apropos to the significance of the handsome display which is the latest Dragon triumph.

DANCE AT MOOSE HALL
There will be another of those good-time dances at Moose Hall Saturday night, June 20. The committee having the affair in charge have engaged the same excellent music which played so acceptably through the winter. All lovers of dancing should be there. Admission 75 cents.

HOME COOKED FOOD SALE
At El Camino Garage, 517 North Main St., Santa Ana, June 20, commencing at 11 a. m. finest of home cooked pies, cake, meat loaf, etc., etc. Every purchaser of goods amounting to 50c or more presented with a valuable cook book. Mrs. Shield's famous cakes—there are none better—will be on hand. These are made from our cook-book recipes. Auspices of Ladies' Aid of M. E. Church.

Vandermast & Son

Society Brand Clothes

Personals

Mr. C. E. Lamme of 829 Spurgeon street, who is quite ill with typhoid fever, is reported as resting more easily today. His friends will be glad to learn of his improvement.

Mrs. Dora Mellette of Los Angeles, who has been the house guest this week of Mrs. J. A. Cunningham, left for her home in the city today.

Mrs. Hilda McDowell went to Los Angeles last night to attend the graduation of her friend, Miss Anna Perry, formerly of Santa Ana. Miss Perry graduated from the College of Osteopathy and will practice in Glendale.

Mrs. O. S. Catland has returned from Randsburg, where she has been visiting. She arrived here yesterday prior to the departure of Miss Sallie Catland tomorrow for Berkeley, where she will attend library summer school.

Mrs. R. V. Langford of National City, and her baby son, Richard Victor Langford, are here to visit at the home of Mrs. Langford's parents, Judge and Mrs. Z. B. West. In a fortnight Mr. Langford will reach here for a visit at the West home and to take his family home.

FINGER DISLOCATED AND LACERATED BY LATHE AT FACTORY

E. M. White sustained a severe dislocation and laceration of the index finger of his right hand yesterday morning while working at a lathe in the Santa Ana Co-operative Sugar Company's factory. White caught his finger in the machine and the finger became dislocated at the first joint. Physicians took sixteen stitches in the laceration.

"COULDN'T FIND NO SUTCH NUMBER"

"Call came in from 422 French st. that some one was around the house. Ryan went and couldn't find no sutch number."

So reads an item on the books at police headquarters at the City Hall.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any drugist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

At the Lyric Theater

A big three part special feature, entitled "The Daughter of a Crook," featuring Miss Irene Wallace, is being presented at the Lyric Theater today to the largest matinee patronage which has been accorded this popular theater.

This special feature is an intense drama of the New York underworld, which is the vivid story of a girl who, from the laughter of a crook, from the mire of poverty and evil surroundings, rises to the life of clean and broad womanhood—who becomes the wife of a wholesome young society man, only to be suddenly cast back again into the pit.

Other high-class photo plays are also being shown, which go to make up an excellent and entertaining program.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

AMUSEMENTS

Clune's Theater
Music constitutes the greater part of the vaudeville numbers at Clune's for the last three days of this week. It is good music, too, the kind that people of refinement enjoy hearing.

Wilson and Sidman, two very attractive maidens, made a hit last night with their audience by their popular song selections. They have splendid voices and know how to use them to the best advantage. Chief Silver Tongue, the Indian with the silver voice, as he is billed, possesses a beautiful tenor voice of unusual power and quality. His rendering of several of the popular songs of the day was well worth hearing.

The great Hutter and company, filling a week's engagement here, are as popular as they were at the first of the week. Hutter has changed his act somewhat from what it was, so that one does not see the same act that he gave the first three days. The scenic effects last night were especially beautiful.

The picture feature of the show is the two reel Biograph number entitled "Brute Force." It pictures incidents in the life of the man of the stone age. The make-up of the various characters and the faked prehistoric animals are very clever. Attention must be made of one creature which appears in one of the scenes as it behaved as if it were really alive.

John Bunny was present in the Vitagraph reel, "Bunco Bill's Visit." Bunny's name is sufficient guarantee of the excellence of the picture.

"A fugitive from Justice," by the Edison players, is a tale of life in Alaska. A love story serves to keep the interest up to a high pitch.

Last but not least interesting is the Pathe Daily News. This is the same as the Pathe Weekly, except that it is a little shorter, and is changed every day. The same program will be given again tonight with change of pictures tomorrow.

PIER OPENING IS TOMORROW

Tomorrow and Sunday are the days that Huntington Beach has set for the celebration to mark the opening of the beach's fine new concrete pier.

The enterprising city by the sea has arranged an excellent program of events for the two days, and have gone forth into the highways and byways to invite the people to come down and have a good time on the days set apart for special celebration.

Huntington Beach is a live wire, and is of rapidly growing importance as one of the active cities of Orange county. Her people are coming, and the way that they are showing their town ahead is worthy of commendation.

Through City Recorder Wilson's able administration the city is richer by several simoleons today, through fines assessed for the luxury of riding on sidewalks. Ralph Raitt planked down five "bones," and A. Raitt had a narrow escape from doing the same as he broke the laws of the municipality by following closely on Ralph Raitt's trail on a bike of his own. However, he was a mere youngster so the judge let him off. L. Le Page, J. H. Callahan, A. Jones and C. E. Letherwood each contributed five "seeds" to the city's swelling coffers.

R. Gibson was haled before Recorder Wilson on a charge of using firearms within the city limits. Gibson was hunting blackbirds. A shot from his gun came dangerously near a neighbor and said neighbor had Gibson brought into court. Judge Wilson discharged Gibson on Gibson's promise that he would offend no more.

TWO RACES WON BY HARVARD FROM YALE

Crimson Led in Freshman
Eights and 'Varsity Second
Eights at New London

NEW LONDON, Conn., June 19.—Harvard defeated Yale in the freshman eights and the 'Varsity second eights in the boat race of today. The 'Varsity four-oar race was cancelled. The first 'Varsity crews will meet at 5 o'clock this afternoon. The Yale second 'Varsity was distanced. The Harvard freshmen won by 19 seconds. The Yale second 'Varsity crew dropped back from the start and at the finish was more than ten lengths behind. The freshmen did better, but the Crimson pace was too steady to be beaten. The freshmen finished eight lengths in the rear of the winners. The weather conditions for the first two races were perfect. There was no

wind, and the water was like glass, although the air was a trifle heavy. At noon a cold drizzling rain began to fall. The Harvard 'Varsity team was a 10 to 7 favorite.

CIRCUS ROUTE WAS ALTERED THAT SICK LAD MIGHT VIEW IT

LITCHFIELD, Minn., June 19.—From his bed drawn close to the hospital window, Guy Peters, 9 years old, watched a circus parade that had come three blocks out of its way to march before his window. Guy was heartbroken when the doctors said he would have to stay in bed on circus day. He has just been operated on for an affection of the hip and probably will never walk again. When the circus managers learned the story they ordered the parade out of its scheduled route to pass the boy's window. As the procession came by the band played its loudest, the wagon drivers waved their whips to the boy in the window, the bareback riders threw him kisses, and the white-faced clowns performed their funniest capers on the grass beneath the window. Later several of the circus folk in full regalia visited him in his room.

BLUE GRASS SENATOR IS SWORN IN TODAY

WASHINGTON, June 19.—John C. Amden was sworn in yesterday as a senator from Kentucky.

COUNTY AUTO CLUB MEETS

The board of directors of the Automobile Club of Orange County held a meeting to complete its permanent organization last evening in Santa Ana. The following officers were elected for the ensuing term: Clyde Walker, Santa Ana, president; H. O. Henderson, Anaheim, vice president; A. R. Ralph, Orange, secretary; J. R. Porter, Orange, treasurer. The other members of the directorate are J. W. Tubbs of Santa Ana, A. S. Bradford of Placentia, and K. E. Watson of Orange. H. J. Forgy of Santa Ana was appointed attorney for the club. Secretary Ralph reported that the work of securing subscribers was progressing in a very satisfactory manner, and that there would be no difficulty in securing the minimum number of subscribers which the club has fixed as desirable by the first of July, and that the club will be able to begin issuing the insurance contracts as soon thereafter as the license commission of California for such license, naming himself as manager and attorney-in-fact for the indemnity exchange of the Automobile Club of Orange County.

As soon as practicable, the club will open a permanent office in Santa Ana, which is named as the principal place of business in the articles of incorporation of the club. For the present, anyone wishing information in regard to the club and its purposes can reach the secretary, A. S. Ralph, at Orange, by mail or phone. Under the insurance plan of the club it is proposed to cover the hazards of fire, theft, collision, property damage, and a limited amount of public liability in one policy, limiting the membership to residents of Orange county, although the policy covers wherever the automobile may be. The plan of operation will be similar to that of the Orange County Farmers Mutual, there being no stock, and only one office under expense.

The movement seems to fill the demand which exists for low cost automobile insurance on the part of owners of machines. Similar action is being taken all over this state and in many other states. New York has recently passed a bill especially facilitating the organization of such projects among owners of automobiles.

In addition, the club will devote its energies to the promotion of all matters relating to the interests and advancement of conditions pertaining thereto, especially as regards Orange county.

The field of usefulness of a strong club of this nature deserves the support of every owner of an automobile in Orange county, and it is believed that the end of the first year of the organization will see a majority of the automobile owners of the county enlisted in its membership. Any reputable person is eligible to membership in the club, if such person is interested in good roads and the development of the county, insurance not being a condition of membership. Applications for membership are welcome, and the annual dues are small.

EIGHT EVENTS ON BEACH SMOKER CARD

Eight events are promised in a smoker to be given tomorrow night at the Huntington Beach Athletic Club, the entertainment to be a part of the Pier Celebration program. One of the features will be a battle royal between colored boys. Six rounds will be boxed by Joe White and Ben Palmer and by Harry Yantz and Joe Turner, at 133 pounds. Four round bouts are scheduled between Ben Snodgrass and Dick Brenton, at 110 pounds; Lea Vasquez and Jim Williams at 122 pounds; Lea Crooks and Joe Smith, at 135 pounds; Young Rotelle and William South at 116 pounds.

GRANT'S CABIN WILL BE ENCLOSED IN GLASS

PHILADELPHIA, June 19.—Grant's cabin, in Fairmont Park, is to be put in a glass case. The little T-shaped building, built of logs, which Grant used in the fall and winter of 1864 and the spring of 1865, when he was laying siege to Petersburg and Richmond, was brought to the park thirty years ago.

Of late years the cabin has deteriorated rapidly from the elements and suffered from the vandalism of relic hunters.

Newport-Balboa Stage
—Taylor's beach auto stage line will run every 30 minutes from Fullerton, Anaheim, Orange, Santa Ana, to Newport and Balboa, either direction, commencing June 20, 6 a.m. Fare, 35c one way; 50c round trip to Newport, 60c to Balboa.

FORMER SANTA ANAN USED POISON FROM CHINA TO END LIFE

Chiropodist Killed Himself, in
Letter Blaming Despondency
on His Wife

SANTA MONICA, June 19.—J. T. Hovell, an English chiropodist, aged 64, formerly of Santa Ana, committed suicide late Wednesday night at his office at Third street and Utah avenue by taking poison with a hypodermic syringe. After taking the deadly drug the doctor telephoned his wife

that he had taken steps to cause his immediate death, and that there was no use trying to save him.

Disregarding the message the frantic wife rushed to his office and with two doctors tried in vain to save the dying man's life, but the mysterious poison was too virulent. The doctors tried all known first-aid remedies, but to no avail.

Hovell left a long letter of farewell, blaming his wife for his death, and saying that she had mistreated him and had not done her duty toward him. He had been in ill-health and was distracted by business difficulties and was tired of life. This seems to have been the cause of suicide. He was a native of England and al-

so had spent some time in China, where it is said he found the poison which it is said he used to good advantage on himself. He leaves, beside the window, two children, all living at a sanitarium operated by Hovell in Santa Monica.

Hovell was in Santa Ana about five years ago.

—We sell Baldwin Dry Air Refrigerators, "the box with the steady cold wave." These refrigerators are very economical in the use of ice. All family sizes at \$8.50 to \$40.00. Horton-Spurgeon Furniture Co.

Coughs and Colds Weaken the System
Continued Coughs, Colds and Bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c bottle of Dr. King's New Discovery today. It will stop your cough. The first dose helps. The best medicine for stubborn coughs, colds and all throat and lung troubles. Mr. O. H. Brown, Muscatine, Ala., writes: "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children, 50c and \$1.00 at your Druggist-Advertisement.

LAGUNA AUTO STAGE

Peacock's Laguna stage leaves the White Cross Drug Store, Santa Ana, daily for Laguna Beach, at 10:15 a. m. and 4:15 p. m.

IN ONE MINUTE! CLOGED NOSTRILS OPEN---COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold, head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils;

penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

INTERMEDIATE GRADUATION PLEASING SCHOOL TRIUMPH

130 Students Receive Diplomas That
Are Keys to High School—Splendid
Program Given by Students

One hundred and thirty students of the Intermediate School last night received their diplomas that entitle them to entrance to the Polytechnic High School of Santa Ana. This auspicious ceremony, witnessed by an audience that packed the Grand Opera House, was an impressive one. This class is the second graduated from the Intermediate School which is just closing its first year of existence, and which has apparently justified the claims of the educators who brought it into being. Thirty students were graduated at the February commencement, making a total of 160 graduates for the year.

Shasta daisies, banked and in bouquets, adorned the stage last night and festoons of blue and white ornamented the balcony. The central portion of the auditorium for two-thirds of the way back was reserved for the graduates, the class teacher and the Board of Education. City Superintendent of Schools Cranston and Principal McNath of the Polytechnic High School.

The Intermediate School Orchestra opened the program with the overture, "Home Circle," other numbers played by this ambitious band of musicians during the evening being: "On the Wing," "Dawn of Beauty," "Aloha," "Valse Mavoe" and "Peg o' My Heart." The "Wedding of the Winds," the most pretentious as well as the most skilfully played orchestra number, was given by Ross McPhee and William Taylor, first violins; Willard Stark and Malcolm Findlay, second violin; Orlyn Robertson, clarinet; Dewey Scott, cornet; Victor Burrue, drums; Miss Ruth Violet of the seventh grade, piano. Miss Violet was the pianist during the evening. The singing of "Home's Sweet Harmony" and "The Lake" by the Intermediate Glee Club was very sweet and pleasing. Those comprising the glee club were Thelma Fipps, Catherine Shultz, Mildred Severance, Helen Kellogg.

L. F. ANDERSON

219 1/2 West Fourth St.

Myrtle Law, Victor Burrue, Dewey Scott, Harriet Squires. Miss Hazel Bemus directed all the musical numbers, the marches and the beautiful daisy chain drill. The latter was the most beautiful feature of the evening, the graceful movements of the bevy of white-frocked girls with the color effects from shaded lights combining in a pleasing result.

An impressive sight was the march of the 130 graduates from the auditorium stage for the effective singing of "Crossing the Bar" and for the reception of their diplomas. Particularly impressive was the rapt attention given to the welcome to the High School voiced by its head, Principal E. H. McNath, who told them in simple, direct words that while they would find there an educational plant not equalled in any other city of this size on the Pacific coast; a corps of forty-six trained teachers, and a magnificent equipment, yet all these but represented one of the greatest things in the world—opportunity. It was theirs to make the most of the opportunity and to strive for success. Principal McNath's address of welcome followed the presentation of the class by Principal W. C. Roberts of the Intermediate School, whose words to the class, in which he feels the deepest pride, were most fitting. Mrs. E. B. Norman of the Board of Education presented the diplomas, her words being inspiring and well chosen. Superintendent J. A. Cranston made the opening address, expressing his peculiar and special happiness in presenting this splendid class for graduation from the Intermediate School. He introduced the different speakers. The presentation of flowers to the graduates almost indicated that all the daisy beds in the Santa Ana valley must have been gleaned, so lavishly was the wealth of Shasta daisies in bouquets and baskets showered on the students. The pleasing task kept a dozen or fifteen flower girls busy for several minutes.

The playlet, "A Case of Suspicion," engaged the abilities of Margaret Lyon as Dorothy, Roberta Dawes as Alice, Marian Buckley as Mildred, Noel Woodward as Harold, Dewey Scott as Tom, Ross McPhee as Jack, Arvilla Kromer as Miss Ophelia Judkins, Dyke Thorp as Prof. Edmund Edgerton, Christine Watson as Kathleen and Victor Baird as Jonas, and with this capable cast the amusing skit proved a sparkling success. By request, "The Burglar," written by Margaret Cameron, well known in Southern California, was cleverly played by Thelma Fipps, Gladys Young, Katherine Schultz, Dortha Clem, Vera Henrickson. All in all, the commencement exercises of the Intermediate School were highly successful. Those receiving diplomas are as follows:

List of Graduates

James W. Alexander, Harold L. Albright, Maymie Armstrong, Kenneth Apperson, Robert Boyd, Marian Buckley, Victor Baird, Mildred C. Bruce, Olive Brown, Earl P. Bower, Cora L. Benight, Edward Harrison Burns, Disandadio Burrue, Catherine Beswick, Ruth M. C. Boose, Virda M. Blackmore, Melville V. BOOSTERS' MEETING AT BREA WEDNESDAY

Next Wednesday evening, June 24, is the date for a meeting of the Associated Chambers of Commerce of Orange County to be held at Brea. Plans for some unique and original features, such as will make the Brea meeting of special interest to the visitors and one to be long remembered are being worked out by the live members of Brea Chamber of Commerce. They are looking for a large attendance from other sections of the county, and will be prepared to entertain them in a hospitable manner.

—Dr. James W. Shaul, Eye, Ear, Nose and Throat, Suite 417-19 Hollingsworth Bldg., Los Angeles. Will be in Santa Ana afternoons.

COMBINE GETS WORST OF IT

Teachers Drag Preacher
Wright's Team Through
the Dust

Two preachers, five lawyers, a court reporter and a county recorder combined to make a team that played the schoolmasters aggregation on the Poly grounds yesterday. They called it a baseball game.

The pedagogues counted nine times around the bases, while the team that was led to slaughter by Rev. Paul E. Wright passed the hat for five counts. Wright did the pitching for the other preacher and the others who were on his team, and while he fanned a record number, every once in a while some school teacher or one of the two or three students who were put on to make up a team would lambaste the ball hard enough to give Joe Burke a spasm for fear it would come his way.

Ratcliffe and Hall made up the battery for the faculty folks. They changed ends once in a while. About the time Paul Wright's gang got an idea they were finding Ratcliffe's system, Ratcliffe drifted behind the bat and Hall went out to shoot 'em. It was a mean advantage to take of has-been ball-players.

Lawyer Allen of Fullerton wore the mask for the combine, and he proved himself to be some catcher. He escaped without damage. While Hall was catching he stood peaceably behind the plate watching Joe Burke cutting up monkey-shines when Ratcliffe blazed away with the serious intention of knocking the pipe out of the mouth of Assemblyman Weisel, who was at bat. It was a strike on Weisel, and it was a hit on Hall. The ball got him over the heart with a jolt that gave Hall a feeling all his own. However, the feeling did not last long, and the game went on.

Forgy, for the lawyers, covered a large amount of territory, and sent many a ball at Joe Backs on first.

Stanley Reinhaus got into the last inning. He was up to bat. He got to first all right, but it was because the ball hit him.

The gate receipts went to the Day Nursery.

OVER 5,000 FEET OF CURB HAS BEEN PUT IN BIRCH PARK

Under authorization of the park commission, E. R. Halesworth, gardener at Birch Park, has had 5,000 feet of cement curbs placed along the walks of the park. These curbs will improve the appearance of this beauty spot, which is in excellent condition now, excepting for the torn up condition that was necessary through placing the curbs. It is now proposed to put in eight or ten long benches in front of the bandstand as seats for use during band concerts and open air meetings.

PAY FOR AD WITH SUIT OF CLOTHES

Fullerton Daily Tribune: Sam Stone, who is used to making suits, had one of a different kind on hand this week, but apparently finished the job to his satisfaction.

Stone started a tailor shop at Brea, and wishing the public to take note, he advertised his business in the newspaper there. But having more time for work than ready funds, he stipulated, in making terms with Editor Meacham, that the bill for printing was to be paid with a suit of clothes which should later be selected and made to order.

At least that was the defense offered in a suit before Justice Inskeep in which Meacham asked for judgment against Stone for the amount due him. Stone's lawyer, F. C. Spencer, convinced the court that there was a clear understanding to which Meacham agreed, that the latter would buy a suit of clothes from Stone, and that Stone would not have to pay cash for the printing.

Judgment was found accordingly, the suit being dismissed with the understanding that Meacham must buy a suit in order to collect his bill.

MOTOR TIME SCHEDULE IN YOSEMITE IS LIBERAL

With the time schedule for motorists eliminated in the Yosemite Valley, a most sweeping revision was shown in the new regulations received from the Department of the Interior, at the headquarters of the Automobile Club of Southern California late yesterday.

In the digest compiled by officials of the club, it is shown that motorists may now enter the valley between the hours of 7:30 a. m. and 5 p. m. Last year they were allowed to enter only after 10 a. m. and until 1 p. m., with a short period of entry in the afternoon. This year outbound traffic will move simultaneously with the inbound, and motorists must take their chances in passing each other. According to Secretary Standish L. Mitchell of the Auto Club, the time schedule is much more reasonable this year.

—Three great days—June 20, June 27, July 3—special parties to Yosemite and Mariposa Big Trees. C. A. Wilcomb, agent, 606 So. Spring St., Los Angeles. MS850-F7514.

TOMORROW IS SANTA ANA DAY

at
Harbor Industrial City

Get Your Tickets Tonight

Our Special Train to Harbor Industrial City leaves Santa Ana at 9 o'clock Saturday morning. As the excursion will be limited to 100 persons you must secure tickets in advance. The trip will be most enjoyable, going by the ocean through Huntington Beach, Alamitos Bay, Seal Beach, Naples, Long Beach, Wilmington, past the new Municipal Piers, around the West Basin and into Harbor Industrial City. Luncheon will be served at Harbor Industrial City. Every interesting feature in and about the Harbor will be explained. A one hour stop will be made at Long Beach on returning to give you opportunity to visit beach attractions. This will be a trip you cannot duplicate for \$1.50.

Round Trip 65c Including Lunch

HALF ACRE HOME SITE AND INDUSTRIAL TRACTS

At Harbor Industrial City we will show you the Half Acre Home Site and Industrial Tracts in the heart of the industrial section of the Harbor.

Today at Harbor Industrial City you can buy at the lowest prices in the entire harbor section at acreage prices, \$550 to \$900, 10 per cent down and \$10 per month. This is three lots at the price of one. You have the advantage of modern improvements, the Pacific Electric railroad and the new boulevard to Los Angeles and the Harbor. Buy today at residential prices and sell when the industries that are developing today will need your land. You will profit if you stop to think and GRASP THIS OPPORTUNITY.

3 Lots
at the
Price
of One

Harbor Industrial City today lies in the heart of the fast developing industrial zone of the Harbor Section. It is flanked on every side by industries and is paralleled by Bixby Slough, which will be developed into deep water frontage bringing the big ships right up to your door. Harbor Industrial City is an established city with fifteen new houses now built, a brick block, church, school, and railroad station. Factories have already been secured and more will be announced immediately. Prices will be advanced July 1st. Come tomorrow—see for yourself.

HOW ONE AMERICAN WOMAN TOLD STINGING TRUTH TO HUERTA'S SON

Mrs. Reyes Decorated Madera's Grave Then Rebuked Insulting Scion of Mexico's Dictator

By William G. Shepherd
(United Press Staff Correspondent.)
VERA CRUZ, Mexico, June 16. (By mail to New York).—Mrs. Mary Reyes is back again under the American flag, after having given a certain Mexican named Huerta the sassing of his life. With her she brings four pretty daughters, about whom the young lieutenants of the army and navy are flocking like birds. But to get head-long into the story:
Mrs. Reyes went to Mexico twenty-five years ago and is the American widow of a Mexican who was once wealthy. Her four daughters have delightful little lips, calculated to drive a white-suited young navyman half mad. The girls learned stenography after the family fortunes waned and in good American style jumped in after their father's death and made for themselves and their mother a home that was one of the brightest and most interesting in Mexico City. When President Madero was assassinated Mrs. Reyes agreed with President Wilson that Huerta, the assassin, ought not to be recognized. It was an easy matter for President Wilson not to recognize Huerta, but for Mrs. Reyes it was an affair of great difficulty, owing to the fact that the Reyes and Huerta families were in the same social set in the capital. Mrs. Reyes began to speak her mind wherever she went. The Carranzistas, who were working secretly in the city, at the risk of their lives, sought her out and told her to be careful.
"I'm going to talk and think as I please," said Mrs. Reyes, in American style. The Carranzistas in the capital began to depend more and more

demeanor. "Are you a relative of the Maderos?" he continued. "What are you crying around here for?" I was in the cemetery myself, that Sunday, and I know what a sinister crowd of soldiers and secret service men it was that surrounded Madero's grave. It would have taken a brave man to stand at that graveside and speak his mind, and he probably would have paid for his words with his life. "We're here to mourn for the good man your father murdered."
The words came like so many shots, spoken right into the face of the assassin's son, delivered in the presence of grim soldiers, heard by scores of bystanders who were secretly mourning; thrilling me, as they did every other bystander, until it hurt us not to be able to cheer. Mrs. Reyes told George Huerta some more things, too; she told him that he was as bad a man as his drunken father. She prophesied; she said the day would come when his father who had seized the presidency by murder, would be an outcast. She said she hoped the day wasn't far away, either, and then she wound up by saying: "Now go home and tell your father what an American woman, who isn't afraid to talk, thinks about him." She and her daughter turned away, stalked through the lines of soldiers and left the wondering and astonished son of the dictator to think things out.
I'm telling this story of the Reyes family now because it is the first chance I have had to tell it, without endangering the lives or at least the liberty of that brave woman and her daughters.
After the incident, secret service men haunted them and their home; even their servants, they discovered, were Huerta spies. And the other day they had to flee. There was one "white man" in the Huerta government, who called one of the girls to his office and said:
"Your mother and you girls had better get out of the capital as soon as you can. Huerta is planning to arrest her."
And so the plucky little American woman, with her four daughters left their home one evening, got to the railroad station without being observed and twenty-four hours later were under the American flag in Vera Cruz.

Weather Record

The following is the weather record as kept by Justin M. Copeland, 615 North Sycamore street, Santa Ana, California, for the week ending June 17, 1914.

LOS ANGELES PRODUCE MARKET

Seasonal weakness, possibly a little more pronounced than usual, is beginning to manifest itself in certain divisions of the fruit market. Yesterday peaches and figs were principally affected, as well as cantaloupes, and to a slight extent, watermelons. Receipts of peaches were heavier than usual, as were those of watermelons. Others were about normal. Owing to the cool weather the demand for fruit is somewhat below the average at this time.

Bumper crops of many varieties of fruit are in prospect. Peaches are 11 per cent above the ten-year average, and watermelons and cantaloupes are 7 per cent above the eight-year average, according to government estimate. Many other lines are also better than usual.

The average price on peaches was 90 cents to \$1 a lug. Cantaloupes were about 10 cents cheaper per crate, and figs were off about 10 cents for one-layer boxes. Prunes Simoni and Climax plums were slightly reduced.

The market for green chile gave evidence of strength. Some high-class sugar corn was received and quoted at 75 to 80 cents a box. Cheaper stock was also in evidence.

Butter and eggs were featureless. The market continues steady. Receipts of butter were larger than usual.

ASK any business man in town whether he has a CHECK BOOK OVER HIS HEAD. CERTAINLY he has. He couldn't do business and he couldn't live at home unless he had. More and more these days the AVERAGE MAN is PROTECTING HIS FAMILY BENEATH the COVERS of a BANK BOOK. Of course you want to select a RELIABLE INSTITUTION where SERVICE is PERSONAL.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, All Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of *Chas. H. Fletcher*

NOTICE TO VOTERS

The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to reside in the County of Orange, California, must register for the primary election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914, and for the general state election on October 3, 1914.

W. B. WILLIAMS, County Clerk.

NOTICE TO CREDITORS

Estate of O. D. Birdsall, deceased. Notice is hereby given by the undersigned, administratrix, of the estate of O. D. Birdsall, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit to the undersigned, within four months after the first publication of this notice (which publication will first be made on the 29th day of May, 1914), to the said administratrix, at the law office of Williams & Rutan, Room 7, Farmers & Merchants National Bank Building, in the City of Santa Ana, County of Orange, State of California, which is hereby designated as the place of business of said estate, the claims of said estate. Dated this 28th day of May, A. D. 1914.

S. A. BIRDSALL, Administratrix of the Estate of O. D. Birdsall, deceased.

NOTICE TO CREDITORS

Estate of M. A. Groom, deceased. Notice is hereby given by the undersigned, executor of the estate of M. A. Groom, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit to the undersigned, within four months after the first publication of this notice (which publication was first made on the 22nd day of May, 1914), to the said executor, at the law office of Williams & Rutan, Room 7, Farmers & Merchants National Bank Building, in the City of Santa Ana, County of Orange, State of California, which is hereby designated as the place where the business of said estate is to be transacted in the County of Orange. Dated this 22nd day of May, A. D. 1914.

FRANK GROOM, Executor and Executrix of Estate of M. A. Groom, deceased.

NOTICE

Notice is hereby given that sealed bids will be received by the Board of Supervisors of the County of Orange up to 11 o'clock a. m., July 1, 1914, and then publicly opened, for supplying the County Hospital with the necessary furniture and fixtures as are required in the office, operating room, laboratory, kitchen, ward, nurses' quarters, etc., as per specifications on file therefore in the County Clerk's office.

All bids must be itemized to each article of furniture and fixtures, and submitted with separate prices on the same, and prices on the whole.

A certified check in the sum of ten (\$10) per cent of each bid as a guarantee of good faith, that the successful bidder will enter into a contract with the Board of Supervisors to perform all things specified in the bid.

The Board of Supervisors reserves the right to reject any or all bids received, and also reserve the right to accept or reject any bid submitted in whole or in part of said bid.

By order of the Board of Supervisors of the County of Orange.

NOTICE

Board of Equalization. Notice is hereby given that the Board of Supervisors of Orange County will sit at a Board of Equalization commencing Monday, July 6, 1914, and will continue in session as such Board of Equalization up to and including Monday, July 20, 1914.

By order of the Board of Supervisors of Orange County, California.

NOTICE

Public notice is hereby given, that in pursuance of the provisions of Chapter 88, Section 2, Statutes 1911, the Board of Supervisors of Orange County passed on the 16th day of June, A. D. 1914, a resolution of intention to establish a county free library for Orange County, and that at a meeting to be held on Wednesday, the 8th day of July, A. D. 1914, at 2 o'clock a. m., in its room in the County Court House, it will take steps toward establishing a county free library for Orange County, as provided in said act.

Dated June 16, 1914.

MAKING MONEY WHILE THE TREES GROW

This week we are in Yucaipa assisting in setting 120 acres of tomatoes to supply the new Yucaipa cannery. Like everything else grown in Yucaipa, at the 3000 foot elevation, rich soil and plenty of water, the quality and yield is fine. Come right up to the valley and ask at the Tavern to be directed to the water works, or call at 109 Orange St., Redlands, and come up in the company's automobile free. See the valley in the glory of its June dress. Our regular trips will be resumed next week. Phone 161, Home 3744. Call at my office for information.

J. R. SCHOOLEY.

504 North Main St., Santa Ana, Cal.

CALIFORNIA LAND COMPANY.

Offer Extraordinary!

A brand new, high class, 5 passenger automobile free, and then some. The price of the nice 5 acre home ranch (fully equipped for doing business) that we described in this paper of 13th Inst. has been \$6500. The owner wants to sell and has authorized us to cut the price of ranch to \$6250 and throw in, free of cost, a brand new, 5 passenger, high grade auto. The lowest price ever made on this machine was \$850. You can have your pick out of a car load just in from the factory. This offer good for three days.

McKEAN & SHAMPANG, 312 East Fourth St.

Valencia Land

We have 40 acres A No. 1 vacant Valencia land, located close to city, at a price that will move it in a few days.

We have 10 acres of 2 year old Valencia, beautifully located in the frostless belt, owner in poor health and in need of money.

20 acres full bearing Valencia in an absolutely frostless belt. We consider this the best buy in a straight Valencia grove in Orange county.

Tustin Budget

Edited by Miss
Florence StoneGAS IS COMING TO
TUSTIN VERY SOONSuch is Hope Stimulated by
the Circulation and Signing
of Recent Petition

A paper petitioning the Southern Counties Gas Company to have gas for cooking purposes brought out to Tustin was circulated and signed by a good many subscribers on Thursday of this week.

Indications are that a sufficient number of subscribers will be obtained, so that the gas is no longer just a possibility, but a strong probability, with a reasonable prospect of being made available soon.

Gas is so much of a necessity in these days of "do-things-quickly" that every progressive community feels out of the running in the everyday current affairs, if not supplied with gas for household purposes. Hence it is hoped that co-operation between citizens of Tustin and the gas company will soon result in the installation of gas in this beautiful and thrifty little city with its rich environs.

CHURCH NOTICES

The regular services as follows, will be held in the Presbyterian church next Sunday morning:
Sunday school, 9:45 o'clock; morning services at 11; Christian Endeavor, 6:30.

The regular services, as follows, will be held in the Advent Christian church next Sunday:
Sunday school, 10 a.m.; morning service, 11 o'clock; Loyal Workers, 6:30 p.m.; evening service, 7:30.—R. B. Shannon, pastor.

EDITORIAL

CHEERFULNESS IN THE HOME

What every healthy organism needs is plenty of sunshine. There can be no life or vigor without it. Plants grow pale and sickly and wither and die without its beneficent influence.

Now sunshine and good cheer are synonymous and as flowers and fruits respond to the influence of the sunlight, so every healthy home, as one of the essential ingredients necessary to make it a home, needs cheerfulness, whether it be a mansion or cottage or apartment near the sky.

Naturally we are off guard with home people. Our relations are so intimate. They love us, we love them, and some times we count on household affection to be very elastic. We count on love's capacity for pardoning to be until seventy times seven, and indulge in moods which would not be tolerated elsewhere.

A man may be feeling ever so morose, but he must be courteous to a customer; a woman may be ever so fretful, but she cannot scold the neighbor who makes a morning call. Morbidity cannot grow habitual if grievances are not entertained. It has been said that the blues are the close allies of an unrestrained temper.

"Open the windows," said Sydney Smith, "and glorify the room," and obedient to the command of common sense the sun came flooding in, filling the house with light. One thing absolutely essential to a healthy home is that the windows and doors of selfishness shall be flung wide open to let in the sunlight of cheerfulness.

An Accident

Forest Maynard has been suffering this week from an injury to both arms on account of an accident which occurred at the lumber yard last Monday morning.

In taking boards from a pile of lumber several heavy ones came down on both arms. He was rescued immediately from a painful position by the other men at the lumber yard. It was not thought a serious injury at first, but he is still unable to use his arms.

CHILDREN'S DAY

Eventful Period of the Year in
Sunday School Happily
Observed Sunday

A notable event for a good many children in Tustin was Children's Day, the exercises being last Sunday at the Presbyterian Church.

The church had been beautifully decorated by the young girls of the Sunday school in garlands of ferns and Shasta daisies. The young women also aided the musical program of the day by placing several canary birds in their pretty cages here and there and the feathered songsters were good enough to sing some of their sweetest notes on this important occasion. The happy melody of their sweet singing rippled over the church, helping to make it a very pleasing place to be.

The children of the Sunday school were looking their sweetest and were perfectly drilled in their performances, which occupied the morning service hour.

The church auditorium was filled to overflowing, as everybody enjoys Children's Day in Tustin. The successful performances of the children in their pretty songs and recitations were largely due to the efforts of their director, Miss Clara Thorman, who devoted much time and loving attention to the drill.

SOCIETY AND CLUBS

Birthday Party

The young boys and girls of the 1914 graduating class of the Tustin school were entertained by one of their number, Miss Valda Willard, upon the occasion of her birthday last Tuesday night.

Besides the class members, the other guests were Mrs. A. S. Inman and Lynford Hess of Los Angeles, relatives of the hostess, and two members of a former class, Misses Gertrude Utt and Inez Phinney.

The Willard home was decorated with carnations, rose buds and daisies and streamers of the class colors, blue and gold.

A program of games and music made the evening a delightful one for the young folks. One of the most amusing games of the early part of the evening was that of lighting and extinguishing candles under the most trying circumstances, and another was matching the couples when invited into the dining room. A regular banquet table was spread with good things. The table was decorated with carnations and rose buds and from the chandelier the class colors were draped.

The class members were seated at the table and were served by Misses Gertrude Utt and Inez Phinney. After supper there was an exciting contest regarding words and the prize was awarded Miss Lillian Martin and Virgil Deaver, which was a bouquet of carnations. In manipulating the class motto, which was also a contest in words, Miss Lillian Martin and Matthew Chumel won the prize.

Piano pieces by Mrs. A. S. Inman, Misses Ada Sharpless and Gertrude Utt and a duet by Misses Valda and Evelyn Willard were other enjoyable features of the evening.

The hostess received some beautiful birthday remembrances.

The Picnic

The picnic of the Advent church Sunday school was held on last Saturday at Orange County Park. There were about seventy who attended. Those who had no conveyances of their own were taken by Mr. Trickey on a four-horse hay wagon and that meant a whole lot of fun on the road.

\$200
an Acre!

comes nearer the real value than \$150.00 for the land I am advertising for sale at \$125.00. When you consider the quality of the land, location, water, and the general neighborhood. This land is in crop and you don't have to guess as to what it will produce. It should just suit a "sure thing" general farmer—alfalfa, grain, beans, sugar beets, hogs and cows—40 acres, 60 acres or 100 acres fine level land and is now producing big crops of alfalfa, barley and sugar beets. Plenty of water. 1 1/4 miles from good town in Tulare county. You can contract 15 per cent beets at \$5.00 with 30c rise for five years.

This is the best time to buy land. We have had several years of political agitation, the country has been ruined and saved or saved and ruined, according to the viewpoint of the politician.

The tariff was lowered to reduce the high cost of living and ruin the farmer, meanwhile the price of land has continued to advance and farm products are bringing high prices even in the face of record breaking production and the high cost of living refuses to come down. Confusing, isn't it? Can you beat it? You can if you buy a piece of land now and become a producer of staple food products. Follow that "hunch" that tells you to buy now, before this state begins to feel the stimulating effect of the Exposition, country-wide good crops and easier money. If you are interested in this land or want information about deciduous fruits and nuts grown without irrigation in the Templeton or Paso Robles country, just call me up evening or morning, 6443, or drop me a letter with your address.

J. A. Timmons
2220 North Main.

going and coming, for the young people. The usual delicious picnic dinner was hugely enjoyed by everyone. One accident happened that made everyone stop and think. Little Weldon Cade, four-year-old son of Roy Cade, ventured too near the new lake and slipped in. He was seen going under by Mr. Shannon. Wm. Alley, being the closest to him, heard Mr. Shannon's cry to catch him, and immediately jumped in and succeeded in bringing him to shore, though the little fellow went under several times. With the combined efforts of his friends, Weldon was soon all right.

Class Party

The Tustin school graduating class of 1912 was entertained by Miss Ella Awe, one of the class members, on Wednesday night of this week.

Miss Awe's pretty home was decorated in the class colors, which were pink and white. The flowers were lovely pink and white roses and hand-some hydrangeas.

This reunion of the class of two years ago was a very happy one. There were nine of the class present and all responded to the roll call with a history of what they had been doing since they graduated, and these histories were very interesting to the members of the class.

Amusing games were played, the class songs were recalled and Misses Grace Hatfield and Ella Awe entertained the party with piano music.

Refreshments consisting of fruit salad, punch and different kinds of delicious cake, were served.

Those present were: Misses Ella Awe, Margaret Quintana, Avis Smith, Grace Hatfield, and Grace Hatfield. The boys were: Irving McCarter, Russell Hardcastle, Scott Prather, Wm. Alley, Mr. and Mrs. L. R. Lang, worthy and the class teacher, Mrs. Gus Eggert (formerly Miss Edith Cock) were present.

Entertained Teacher

Prof. A. R. Oliver, teacher of manual training in the boys' high school of Santa Ana, was entertained at dinner last Sunday by Dale Crawford, who was one of his pupils at the high school last year.

Coreopsis Club Meeting

The Coreopsis Club will meet next week on Wednesday afternoon, at the home of Mrs. Lark Wilson. This will be the last meeting of the club until after the apricot season.

Missionary Meeting

A meeting of the Presbyterian Women's Missionary Society was held at the church Thursday afternoon. The meeting opened with a song followed by prayer and a scripture reading by Mrs. John Dryer.

The attendance at the meeting was somewhat affected by a threatened rain, which, however, did not come. Although there were not as many as usual at the meeting, those who were there gathered closer together around a pretty arrangement of Shasta daisies, hydrangeas and sweet peas, with a large map of the mission countries as a background.

Reports of the secretary and treasurer of the society were read and approved, also that of the secretary. A special small sum was raised in addition to the monthly dues by each one contributing a penny in answering the roll call.

The usual earnest prayers were offered for missionaries, and the president, Mrs. Allen, read an interesting article about the work of the Presbyterian church in mission fields.

A very interesting report was given by Mrs. Kiser as delegate to the Presbyterian, which met in Los Angeles on the first Monday in June, after which the beautiful piano piece, "La Nuit," played by Miss Gertrude Utt, was enjoyed by everyone present.

The topic, "Alaska," had been assigned to Miss F. Stone, who read extracts of articles recently written about Alaska, showing an awakening of interest in the possibilities of that vast country, after lying almost dormant for forty-six years since it was purchased by the United States, and of the great field for the work of missionaries in that country.

Miss Childs then spoke of the death of Miss Carrie Choate Downs of Eschharpur, India, who was connected with the Presbyterian mission of India for thirty-three years.

Mrs. Chas. Willard was chosen a delegate to attend the next meeting of the Presbyterian.

The Summer Vacation

Mr. and Mrs. Edward E. Johnson of Tulare county will spend the vacation season with Mrs. Johnson's mother and father, Mr. and Mrs. F. C. Crawford.

Mrs. Johnson will be remembered as Miss Winifred Crawford, who has been spending the last two winters with her sister, Mrs. Maud Wiley, in Tulare, where she met Mr. Johnson, who is principal of Oakdale school in Tulare county. They were married about two months ago. They expect to spend the summer vacation in Tustin. When school opens in the fall they will occupy their own twenty-acre ranch home in Tulare county.

Going to Berkeley

Miss Louise Long left this morning for Berkeley, where she will attend the summer session of the university. She will during the next six weeks, make a study of the newest things in music. Miss Long will no doubt immensely enjoy the summer musical course, which the university offers.

Mrs. Wheeler Coming

Mrs. Sarah Brown, president of the Tustin W.C.T.U., has invited all the officers of the different clubs and societies of Tustin to meet at her house on Monday afternoon to confer in arranging for a visit from Mrs. Eva Wheeler of San Diego, who is a national W.C.T.U. lecturer and a very interesting speaker.

Mrs. Wheeler has been secured to tour California in the interest of the Dry Federation and will be available for a meeting in Tustin in July.

Literature Section

The members of the Tustin Literature Section held a meeting last Tuesday afternoon at the home of their leader, Miss Minnie C. Childs.

All the members were present excepting two. They held their annual election of officers. Miss Childs was re-elected leader; Mrs. J. N. Martin, first assistant, and Mrs. C. E. Utter, second assistant. The committee for ar-

ranging the program for the coming year are Mrs. Geo. Hubbard, Mrs. Stutzman, Mrs. D. L. McCharles and Miss Childs.

The afternoon was spent in finishing "Pollyana," and appropriate for the occasion, dainty refreshments of fruitade and sunshine cake were served.

The ladies enjoying the afternoon together were Mesdames J. N. Martin, Wm. Belding, E. E. Utt, F. C. Bennett, D. L. McCharles, J. P. Hite, W. L. Leiby and Stutzman.

This was the last regular meeting that will be held before the summer vacation, but the members of the club will take their annual outing together next Tuesday. They will take the early morning car at Santa Ana for Los Angeles and from there they will go to Laurel Canyon, out in the beautiful Hollywood district, to spend the day.

TUSTIN PERSONALS

Miss Valencia Ruiz is spending the week in Anaheim.

Miss J. M. Birdsell, public librarian at Santa Paula, visited Miss Minnie C. Childs from Saturday until Monday last week. Miss Childs and Miss Birdsell are close friends. Miss Birdsell was on her way to attend the State Librarians' convention at San Diego.

Mrs. N. L. Arnold of Calexico, with her little son, is visiting her sister, Mrs. Ed. Wollenburg. Mrs. Arnold expects to spend the summer in Tustin.

Miss Alma Cock of Long Beach, and Mrs. Gus Eggert of Los Angeles, are visiting their mother and father, Mr. and Mrs. L. A. Cock. Mrs. Eggert will return to Los Angeles tomorrow, but Miss Cock will remain during next week.

Max F. Long, civil engineer, from the northern part of the state, was a guest of his cousin, Mr. N. S. Long, during the past week.

Misses Virginia and Dolores Huerta and their father, Mr. Huerta, of San Luis De La Paz, Mexico, spent the week-end at the home of C. E. Utt. The Misses Huerta have been attending school in Pasadena, and their father has come to take them to their home in Mexico.

Mrs. N. B. Wollenburg, Ben Wollenburg, Mr. and Mrs. Ed. Wollenburg, Fred Alf of Orange, and Mr. and Mrs. Salvie composed a party who took a very enjoyable trip to Watts and return last Sunday.

Mr. and Mrs. Chas. Sauers and son Theron are spending a week's vacation at Balboa.

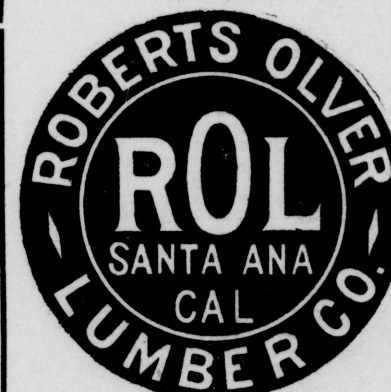

The Misses Nellie and Beatrice Wilbur of Nampa, Idaho, are visiting their cousins, Mr. and Mrs. C. O. Artz, this week.

Preparations for New School-House

The specifications for the new school-house are still in the hands of the architects, but will probably soon be completed and ready for bids. In the meantime some of the old trees have been cut down and minor excavations have been started.

When once started the building will be pushed as rapidly as possible and it is hoped that it will be completed in the fall.
